

Hello and Happy Fall from the SLWA Communications Committee!

SLWA Communications

Newsletter

Welcome to our 2022 Fall edition of our Newsletter.

It's hard to believe that the perfect summer following COVID-19 is over! The weather was hot, making sitting on the dock and frolicking in the water an everyday activity. You'll see evidence of this when you get to the pictures submitted by many of our members. Thank you!

If you have ideas for future editions, please feel free to submit your contributions any time. You can e-mail your material to:

slwa.communications@gmail.com

SLWA Website

We finally got the website launched just prior to the AGM. It is still a work in progress but we are happy with the launch and we appreciate the positive feedback we have received.

Yearbook

Our 2022 Yearbook campaign was another success and will contribute \$3,722 towards the cost of snow removal for the coming winter season. As announced at the AGM, the cost of winter snow plowing is increasing significantly to \$10534 including HST. It is more important now than ever that we get your help in securing ads in our next yearbook. Please email us for a copy of the advertising agreement letter and rate card.

Remember ALL members benefit from the funds raised from the advertising.

Remember to **Shop Local** to support our advertisers.

Photo Contest

Don't forget to enter your favourite photo(s) in the 2023 photo contest. Full details are on the website. Based on the beautiful pictures that were submitted for this edition of What's Up, the odds are high that you are a member that has a winning photo!

Consent Forms

If you haven't submitted your consent form to provide authorization to share your personal information please do so asap. If you are having trouble with printing and scanning the form you can mail a hard copy to:

SLWA Secretary , 2278 Melton Court, Mississauga ON L4Y 1M1

The Consent Form will be included as an attachment to the Newsletter distribution e-mail.

E-mail Survey to Determine Snow Removal Allocations

The e-mail survey to determine allocations based on frequency of use will be distributed in the next week or two. Please do respond quickly so the allocations can be finalized and our treasurer can distribute the invoices accordingly.

Update On Main Road Acquisition

The President is still coordinating with our lawyer and the current legal owner. It is a slow process but this is a top priority and receives a great deal of attention.

Update On Cogeco Installation—Related to Road Ownership

This is also a top priority. Cogeco is very interested in our progress with the acquisition of the road. The timeline for activating service is tentatively next year. Cogeco does not know yet whether the cables will be buried or mounted on the existing poles.

Meanwhile, our roads are in good shape to survive another winter!
